#### **Financial Review**

#### Annual Financial Statement for Financial Year ended 31st December 2020

I am pleased to present the Annual Financial Statement (AFS) for Galway County Council for the year ending 31 December 2020. The AFS has been prepared in accordance with the Local Authority Accounting Code of Practice and includes a Statement of Comprehensive Income (formerly Income and Expenditure Account) and a Statement of Financial Position (formerly Balance Sheet) which details the assets and liabilities of the Council as at 31 December 2020. In addition there are notes and appendices which provide additional information on key figures in the accounts.

#### Covid-19 Pandemic 2020 Financial Year

Covid-19 emerged early in 2020 and had an immediate and detrimental impact on the social and economic fabric of countries globally. Like all other local authorities Galway County Council experienced a sharp decline in income from goods and services as a result of Covid-19 as income from parking, fire charges, casual trading and harbour activities fell dramatically. The Council also incurred additional expenditure mainly relating to the purchase of PPE and additional laptops to facilitate remote working.

In order to mitigate the combined impact of loss of income and increased cost, measures were put in place to curtail expenditure including delaying the filling of vacancies and avoidance of discretionary expenditure where possible. Although a commercial rates waiver was provided to businesses severely impacted by the Covid restrictions, the local authority did not have certainty that it would be fully reimbursed for the lost rates income and the reduction in goods and services income.

However, the Government has provided full recoupment of commercial rates, goods and services income and some additional expenditure costs. This, combined with the expenditure interventions put in place, has resulted in a significantly more positive outturn for the year than had been expected. This is reflected in an increase in the transfers from revenue to capital, where in addition to the budgeted transfers it has been possible to reinstate allocations removed to achieve a balanced budget for 2020 and make additional provisions for critical areas.

In making these provisions, I am conscious of the important role that reserves play in the effective financial management of local authorities. They allow provision to be made for known future commitments and offer the Council protection against the financial impact of unexpected events. In the context the additional transfers to reserves above those budgeted includes provision for mobility grants, unfinished estates, burial grounds totalling €2.58M and these are specifically mentioned in the commentary which follows in each of the service areas.

#### **Statement of Comprehensive Income**

The Statement of Comprehensive Income summarizes the activities of the Council by Division for the year ending 31 December 2020. In overall terms the financial performance for 2020 has been satisfactory and the overall result for the year was a small surplus of €3K as set out on page 14. As a result the cumulative General Revenue Reserve at the end of 2020 is now showing a surplus of €7,601

Details of the main variances with budget by Division are set out in note 16 of the accounts.

#### Housing & Building -

The main variances in this division arise in Service A05 Administration of Homeless Service where expenditure was lower than budget but as this service is 90% funded the corresponding income was also below budget.

Expenditure in Service A07 RAS Programme exceeded budget but again the corresponding income also exceeded budget. The Council provided an additional €150K over budget towards mobility / home improvement grants to match the increased grant allocation made available from the Department. Income from housing Rents was €90k lower than budget where, in some cases, due to Covid restrictions it was not possible to implement rent increases. These two factors account largely for the adverse variance in this division of €218K.

#### Roads Transportation & Safety -

The main variances in this division arises due to increased funding of just over €10M being made available by the Department for additional maintenance works in all services B01 National Primary, B02 National Secondary, B03 Regional and B04 Local roads. In addition over €2M additional funding was provided under Service B06 Smarter travel, resulting in expenditure and income exceeding budget. The Council have made a provision of €300K towards upgrading the County's pay and display infrastructure. Covid-19 had an adverse impact on parking income with income running at 50% of budget. Overall there was a negative variance of €76K in this division.

#### Water Services -

The main activity in division C relates to Irish Water and expenditure is recouped form Irish Water. For 2020 both expenditure and income were in line with budget. The other main service is C05 Group Water Schemes where expenditure exceeded budget however this is 100% recoupable from the Department with the resulting income also being ahead of budget. Overall there was a negative variance of €63K in this division.

#### **Development Management -**

The main variance in this division arises in Service D096 Local Enterprise Office where the restart grant of €17M was charged, in addition the LEO office also received an additional €1M in grant supports resulting in expenditure and income exceeding budget. The Council have also transferred funding to Capital to provide matched funding towards the grant funding being made available under the various regeneration projects.

#### Environmental Services -

The main variance in this division arose in Service E09 burial grounds where the Council have provided an additional €400K towards the Capital cost of additions and extensions. The Council have also provided an amount of €150K towards the Capital cost of upgrading recycling facilities. There was also an overspend in E11 Fire services where uniforms were required to be replaced. In addition fire income was below budget largely due to the impact of Covid-19. Overall there is an adverse variance of €860K in this division.

#### Recreation & Amenity -

The main variances in this division arise in F01 Leisure Centres where the Council has provided an additional €144K to support the opening of the leisure centres in Tuam and Ballinasloe. This has been offset by a saving in payroll costs in Service F02 Library where some posts budgeted for were not filled until the end of the year. Overall there is a positive variance of €265K in this division

#### Agriculture Education Health & Welfare -

The largest variance arises in Service G01 Land Drainage Costs where expenditure on OPW funded works was ahead of budget. In addition the Council have provided the sum of €150K towards future drainage schemes. Overall there is an adverse variance of €367K in this division.

#### Miscellaneous Services -

The two largest variances in this division relate to the funding of the rates waiver scheme in Service H03 Administration of Rates where the Government funding of €10.2M has been reflected in both income and expenditure and in Service H11 Agency & Recoupable where the Government funding of €2.5M to compensate for the impact of Covid-19 on the loss of income from goods and services in addition to the additional costs

associated with Covid-19. The council have provided the sum of €530K towards fleet replacement. Overall there is a positive variance of €1.4M in this division.

#### **Capital Account**

Details of the Capital Account are outlined in Appendix 5 and Appendix 6. Gross expenditure in 2020 totals €98M with the main expenditure occurring in the Housing and Roads divisions. The Capital account has a credit balance of €18.7M at 31 December 2020.

Housing - Activity here reflects the construction and purchase of housing units, major works in 2020 include the purchase of land €3M, the construction of housing stock €34M, purchase of houses €7M the provision of voluntary housing €4M and the provision of housing aid grants €2M. Income reflects the recoupment of expenditure and the proceeds of house sales.

Roads - The main expenditure in this division relates to expenditure on the major interurban routes M17 / M18, N59, N63, N67, N65, N69, N83, N84 with expenditure totalling €32M which is funded by TII In addition the Council has spent €3M on the Ballinasloe Town enhancement scheme

Water - The main expenditure under this heading relates to expenditure on Group Water Schemes and this is funded by the Department. Expenditure on water and waste water infrastructure has been recouped from Irish Water

Development Management - The main activity shown in this division relates to the income derived under the development contribution scheme. It also reflects expenditure on estates being taken in charge in addition to expenditure on Tourism activities including the Wild Atlantic Way. The majority of the expenditure €3M is associated with RRDF and town and village renewal projects

Environmental Services - The main activity in this division relates to the operation of the former Greenstar Landfill site which the Council is now operating on behalf of the EPA €3.8M. In addition to this €0.2M was spent on Fire appliances which are funded by the Department.

Recreation & Amenity - Expenditure in this division relates mainly to expenditure of €0.4M on recreation facilities in addition to €1M on works associated with the Greenways.

Agriculture Education Health & Welfare - Expenditure in this division relates to preliminary expenses associated with the Dunkellin Scheme and the South Galway flood relief scheme €1M

Miscellaneous - Expenditure in this division relates to the funding of gratuities for Councillors.

### STATEMENT OF ACCOUNTING POLICIES

#### 1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Housing, Local Government and Heritage (DHLGH) at 31st December 2020. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

#### 2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 - 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 19 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

#### 3. Accruals

The revenue and capital accounts have been prepared on an accrual basis in accordance with the Code of Practice. This excludes Parking Charges and Legacy fire Charges

#### 4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non- mortgage related loans

#### 4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

#### 4.2 Non Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/grants, revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

#### 5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits under the Local Government Superannuation Scheme and the Single Public Service Pension Scheme.

The Single Public Service Pension Scheme ("Single Scheme") commenced with effect from 1 January 2013. Employee contributions for the Single Scheme continue to be deducted by local authorities but are remitted centrally to DPER.

#### 6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

#### 7. Provision for Bad & Doubtful Debts

Provision has been made in the relevant accounts for bad & doubtful debts.

#### 8. Fixed Assets

#### 8.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

#### 8.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

#### 8.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DHPLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

#### 8.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

#### 8.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DHLGH.

#### 8.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

The policies applied to assets subject to depreciation are as follows:

| Asset Type                 | Bases | Depreciation Rate        |
|----------------------------|-------|--------------------------|
|                            |       |                          |
| Plant & Machinery          |       |                          |
| - Long life                | S/L   | 10%                      |
| - Short life               | S/L   | 20%                      |
|                            |       |                          |
| Equipment                  | S/L   | 20%                      |
| Furniture                  | S/L   | 20%                      |
| Heritage Assets            |       | Nil                      |
| Library Books              |       | Nil                      |
| Playgrounds                | S/L   | 20%                      |
| Parks                      | S/L   | 2%                       |
| Landfill sites (*See note) |       |                          |
|                            |       |                          |
| Water Assets               |       |                          |
| - Water schemes            | S/L   | Asset life over 70 years |
| - Drainage schemes         | S/L   | Asset life over 50 years |

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

<sup>\*</sup> The value of landfill sites has been included in note 1 under land. Depreciation represents the depletion of the landfill asset.

#### 9. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

#### 10. Development Debtors & Income

Short term development levy debtors are included in note 5. Income from development contributions not due to be paid within the current year is deferred and not separately disclosed in the financial statements.

#### 11. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

#### 12. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

#### 13. Stock

Stocks are valued on an average cost basis.

#### 14. Work-in-Progress & Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

#### 15. Interest in Local Authority Companies

The interest of Galway County Council in companies is listed in Appendix 8.

#### 16. Related Parties

A related party transaction is a transfer of resources, services or obligations between the local authority and a related party. The main related parties for a local authority include the following:

- i. Management and Personnel
- ii. Council members
- iii. Government Departments
- iv. Local Authority Companies

Local Authority council members and key personnel are bound under the relevant sections of the Local Government Act 2001 and subsequent amending legislation to:

- a. furnish an annual declaration of 'declarable interests' set out in section 175 of the Act;
- b. disclose under sections 167, 178 and 179 any beneficial interests that they or a connected person has; and
- c. follow a code of conduct issued by the Minister for Housing, Local Government and Heritage under section 169 of the Local Government Act 2001 in 2004.

'Declarable interests' cover both financial and certain other interests such as land etc.

Local authority management and personnel salary and remuneration is determined by the Department of Housing, Local Government and Heritage in line with central government policy on rates of pay.

Local Authority interests in companies and joint ventures are disclosed in Appendix 8 to the Annual Financial Statements.

Local Authority transactions with government departments are governed by central government controls and procedures driven by government accounting rules.

## **FINANCIAL ACCOUNTS**

## STATEMENT OF COMPREHENSIVE INCOME (INCOME & EXPENDITURE ACCOUNT STATEMENT) FOR YEAR ENDING 31st DECEMBER 2020

The Income and Expenditure Account Statement brings together all the revenue related income and expenditure. It shows the surplus/(deficit) for the year. Transfers to/from reserves are shown separately and not allocated by service division. Note 16 allocates transfers by service division in the same format as Table A of the adopted Local Authority budget.

#### 23. Accounting for the Rates Waiver/Credit in Lieu in relation to Commercial Rates

To support both the local government sector and commercial rate payers, a funding package of €900m was allocated by the Government to fund the cost of a waiver of commercial rates for 9 months (27<sup>th</sup> March 2020 – 27<sup>th</sup> December 2020) for businesses forced to close and business that experienced significant negative economic disruption due to public health restrictions imposed in response to COVID-19.

The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading.

The income appears in Appendix 3 under the Department of Housing, Local Government and Heritage as a grant called Covid-19.

The credit in lieu is reported in Appendix 7 under Waivers/Credits.

The full Rates Accrued Income for 2020 appears in the Income and Expenditure Account as normal. A number of rates customers who were entitled and received a rates waiver continued to pay their rates in 2020. In most cases these rate payments were not refunded to customers. On a once off basis, any customer who had a credit balance as a result of the waivers, this credit was treated as deferred income.

#### 24. Accounting for Restart Grant/Restart Grant Plus

As part of the Government July stimulus package, the Restart Grant was introduced as a direct aid to micro and small business to help with the costs associated with re-opening and re-employing workers following the Covid-19 closures. The scheme was funded by the Department of Enterprise, Trade and Employment but was administered on their behalf by the Local Authorities. The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading. The income appears in Appendix 3 under Local Enterprise Office. The expenditure and income is also reflected in Appendix 2, Division D, Service 09 (Economic Development and Promotion).
