GRANT FUNDING OF REGIONAL & LOCAL ROADS

The grant allocated to Galway County Council for the Regional and Local Roads in 2024 is **€39,926,300, an increase of €597,037 on the 2023 allocation.**

2023	2024	Increase

€1,169,193 (Climate Change Adaptation)	€1,149,500 (Climate Change Adaptation)

€3,000,000 (Active Travel)	€3,000,000 (Active Travel)	

The priority is to protect the existing road network and the investment made in it over the last number of years. The total grant allocation of **€39,926,300** for Regional & Local Roads is broken down as follows:

Improvement Works	€ 34,593,800
Maintenance Works	€ 5,332,500

Restoration Improvement Programme (RI)

The RI Programme continues to be the focus of the regional and local roads programme. An overall amount of **€20,798,500** has been provided under the 2024 Restoration Improvement Grant.

This is the strengthening programme and again is hugely important in terms of maintaining the network. It caters for surface restoration; pavement overlay works, or inlay works (planning) and for complete road rehabilitation works as well as for drainage works where required.

Restoration Maintenance Programme (RM) (Surface Dressing)

The Restoration Maintenance (RM) Programme continues to be an important programme aimed at protecting road surfaces. An overall amount of **€2,844,000** has been provided under the 2024 Restoration Maintenance Programme.

This is mainly the surface dressing programme, and it is important in terms of sealing the road surface (thus preventing the ingress of water) and in maintaining adequate skid resistance.

Also, given continuing constraints in relation to current funding for the RM programme, the provision of a Supplementary Restoration Maintenance (SRM) Grant using capital funding is being continued in 2024. An overall amount of **€2,488,500** has been provided under the 2024 Supplementary Restoration Maintenance.

Restoration Improvement (RI)

The selection of projects for the road improvement works is made based on overall needs and priorities. Consideration is also given to the level of usage, category of vehicles served and the extent of deterioration in the road. In accordance with RW11/2021, the Multi-Annual Restoration Improvement Programme 2022 – 2024 was submitted to the Department of Transport in October 2021. The works that will progress in 2024 will be in line with the prioritized list of projects that has already been submitted to the Department.

The total Restoration Improvement grant for 2024 amounts to **€ 20,798,500** which is an increase of €343,500 on the grant allocation of € 20,455,000 in 2023.

Regional Roads and Local Roads General Maintenance

The allocation for Regional Roads General Maintenance for 2024 is set at **€ 1,720,500** which is reduced by €19,500 on the 2023 allocation. The Local Roads General Maintenance allocation also remains the same as the 2023 allocation of **€ 2,032,550**.

Breakdown for DG-Regional Road General Maintenance and Local Road General Maintenance per Municipal District is set out in the table below.

Bridges (Repairs)

There is a specific grant allocated for Bridge Rehabilitation of **€630,000**, toward 12 specified bridges. It is proposed to allocate an additional amount of **€ 395,000** from the Discretionary Grant towards the repair of bridges on Regional and Local Roads as detailed under [Bridge Rehabilitation & Repairs](#).

The overall allocation toward repairs of Non-National Road Bridges for 2024 is **€ 1,025,000**.

Winter Maintenance

The Discretionary Grant allocation includes an allocation towards Winter Maintenance works. It is proposed to allocate **€ 265,000** towards Winter Maintenance on Non-National Roads in 2024.

Tertiary Roads

It is recommended that there should be ongoing investment from the Discretionary Grant specifically to the Local Tertiary Roads which have inhabited houses on them, as has been the case since 2015. The allocation will be divided across the Municipal Districts based on the normal division per KM of road length.

Based on the above, it is proposed to allocate 16% of the Discretionary Grant i.e., **€ 900,000** for the repair of Tertiary Roads in the County. It is allocated on a per KM of local roads basis, per Municipal District, this will allow for increased lengths of roads to be repaired. The schedule of Tertiary Roads to be repaired is detailed in [Summary by Municipal District](#).

Tuam	215.50	€ 114,474

Contingency Fund

The Department of Transport has advised that a contingency provision should be reserved to deal with damage caused by severe weather conditions, including flooding. The DOT has highlighted that it is not setting aside contingency monies to address possible severe weather events. Similar to previous years, it is proposed to set aside an allocation of **€240,000** of the Discretionary Grant for such emergencies in 2024. This allocation is deemed necessary due to unpredictable weather events and the increasing occurrence of storm events in recent years.

Pavement Condition Survey Index (PCSI)

Pavement asset management is a key component of future Regional and Local Road maintenance. The achievement of successful asset management will depend on the measurement, collection and analysis of data relating to the condition of the public road asset throughout the country.

As part of the data collection exercise each Local Authority is required to monitor and quantify the condition of the public road network within its functional area through the regular measurement and recording of the Pavement Surface Condition Index (PSCI).

A specific allocation to conduct visual surveys on the condition of non-national roads in the amount of €52,000 has been allocated. It is proposed to set aside a further €35,000 from the Discretionary Grant for same, giving a total budget for 2024 for PCSI survey of **€ 87,000**.

Management of Invasive Species

Galway County Council has an advisory and recording responsibility in relation to invasive species identified in the County. It is intended to allocate **€20,000** towards the recording and management of invasive species on Regional and Local Roads.

Clár Bóithre / Roads Programme 2024

Bridge Rehabilitation & Repairs

The total allocation on Non-National Road Bridges is **€ 1,030,000**. The allocation is part funded by a direct grant of **€630,000** for bridges specifically listed as part of the Department of Transport allocation for Non-National Roads and by the apportionment of **€395,000** from the Non-National Roads Discretionary Grant from DOT.

The bridge programme is based on a priority basis and is not proportionate to Municipal Districts.
